# FAMILY ADVENTURE GETS A SMART TV EXPERIENCE

The available dual-headrest rear seat entertainment system in the 2018 Ford Expedition lets passengers watch programming using any of seven different sources – on either of two 8-inch monitors integrated into the front-row headrests.

Watch movies, videos – even live TV – using the wireless network of your Expedition's dual-headrest rear seat entertainment system:

- **SlingPlayer<sup>®</sup>**  
Watch live TV by connecting to a home cable or satellite system\*
- **Miracast<sup>™</sup>**  
Stream content from most Android<sup>®</sup>-based smartphones
- **SmartStream**  
Stream videos through the entertainment system's app
- **HDMI port**
- **USB port**
- **SD card**
- **DVD player**
